Bruce G. Alexander

Bruce Alexander's practice is exclusively dedicated to the handling of Alternative Dispute Resolution construction-related claims, as a mediator, arbitrator, and third-party neutral in the areas of construction contracts, construction insurance coverage, lien law, delay damages, and construction litigation. Mr. Alexander applies the principals and process of Guided Mediation, whereby early involvement is stressed, so as to manage expectations, assist in risk assessment and evaluation, ensure sufficient claim and defense-based documentation is exchanged, all so as to maximize settlement opportunities at mediation.

Mr. Alexander is Board Certified by The Florida Bar in Construction Law. Lawyers certified in construction law are experts in matters relating to the design and construction of improvements on private and public projects. Less than one percent of the attorneys admitted to The Florida Bar are board certified in construction law, and only seven percent of the attorneys in Florida are board certified in any area of law.

For the most current information and to coordinate or schedule a mediation, contact Bruce Alexander's assistant:

Jasmine King – Assistant/Scheduling Coordinator
